VEJRØ

Welcome to extraordinary experiences!

Vejrø - the island where you can experience light, the sea and all that nature has to offer; we work with green solutions, sustainability and value our customers highly.

As a guest at Vejrø, you will find well-designed houses, ecological farming, fantastic hunting and fishing opportunities - all in peaceful serenity. Our harbour, restaurant and farm shop offer service and products that are second to none. We can't do everything - but what we do, we do well!

Vejrø is both enchantingly beautiful and peaceful and can be reached reasonably quickly. It is a place where you, as a guest, have the opportunity of seeing a private initiative such as ours becoming a reality. A sanctuary which provides you with insight into how raw, fallow nature has been transformed into a productive pearl which abounds with health; and which, eventually, becomes that dream we have, namely, a sustainable, ecological system, where animals and humans exist in balance. We have, since 2005, taken pride in running Vejrø according to a basic principle: Balance!

Harbour - 85 berths for boats of up to 50 meters in length and 3 meters deep, free use of water and electricity on the bridges, beautiful new bath/toilet facilities, the possibility of refreshing your supplies, fire/grill on the harbour, service-minded staff, booking of harbour space.

Houses - Vejrø has four newly renovated houses: Dan's house, the Old Grocer's, the School as well as Skriver's house. All designed with comfort and wellbeing in mind. The houses are rented out separately for family holidays or relaxing weekends.

Hunting - We offer various hunts tailored to meet the needs of every hunter. Small-game Shooting: Hares, pheasants and partridges. Flying Hunting: Rough Shooting for those who fly. Hunting medley: A day of hunting composed of various types of hunting. VIP Shooting licence courses: For future hunters with little time and appreciation of quality. Rawdeerhunts: For the individual.

Off-sites - Among other things, we offer off-sites with three different types of focus: Relaxation, work and activity. There is room for contemplation, creative ideas, serious discussions, inspiring meetings and more.

Farm Shop - In the shop we sell high quality products, mostly organic. The shop abounds with its own organic berries, fruit and vegetables in season. In the freezer, there is meat from our own Dexter cattle, Sâne sheep and content pigs.

Restaurant - The heart of the island, with the farmshop, cafe, wine cellar, meeting rooms and more. Here, hearty meals are served with the island's own organic products.

Activities - Tennis court, large playground with pirate ship, football goal posts and live rabbits, renting of bicycles, beaches, nature, happy pigs and comical cows. The possibilities are endless ...

Transportation - We pick our guests up in Kragencæs on Lolland in our new, comfortable boat, Vejrø 1. We comply with all Maritime Authority safety requirements. The trip takes 45 minutes. With the booking of events or rental of houses, transportation is included. Vejrø 1 may also be chartered for other purposes.
